

Let Me Go (Buddy Mondlock)

Let me go
While I'm sure
Let me go
Don't want to hurt
Any more
Than I do
Let me go
I'm asking you

Set me free
Because you can
Set me free
I'm just a man
In a cage
I built myself
Set me free
I need your help

You don't want me anymore
But I can't unlock this door
I gave you my only key
Foolish me
Set me free

Hey we tried
To set things right
Yeah we tried
Stayed up all night
But the sun
Never rose
Yeah we tried
I suppose

You don't want me anymore
But I can't unlock this door
I gave you my only key
Foolish me
Set me free

Let me go
While I'm sure
Let me go
Don't want to hurt

Any more
Than I do
Let me go
I'm asking you
