

Perfect (Buddy Mondlock)

When I wake up next to you
I feel a little shy
Feel shy when I wake up
I'll tell you why
When I wake up next to you
And I see you lying there
With your arm above your head
And your morning hair

You look perfect
to me
You look perfect
to me

When you look into the mirror
Don't make that frowny face
When you see another year
Around your waist
'Cause every year with you
Is a year that's made of gold
The way you feel in my arms
Never gets old

You look perfect
to me
You look perfect
to me

And when we fall asleep
We're close as we can be
Then later in my dream
It's you I see

And you look perfect
to me
You look perfect
to me
You look perfect
